Day 2 Kuching

Breakfast at the Hotel.

Depart on a half-day cycling tour of Kuching. For children there are kid's bikes and junior bikes in different sizes available. Baby seats are available at an additional surcharge as well. Helmets are provided for the whole family.

Discover Kuching's hidden gems, the Malay kampongs, on a bicycle! These Malay villages line the banks of the Sarawak river and make a striking contrast to the modern city centre across river. Enjoy a leisurely bicycle ride through the villages and experience first-hand how the kampong folks live by visiting a traditional Malay wooden stilt house full of historical stories to tell.

Along the way, we will explore the vibrant and exotic open air market of Kuba Ria. Experience the vibrant colour of tropical fresh fruits and vegetables, shop for local handicrafts at non-tourist price, and discover a whole range of jungle produce including unique wild ferns, exotic vegetables as well as orchid plants. This market is a 'must-visit', especially on Saturdays and Sundays during Kuching's famous weekend market!

After the tour, return to your Hotel and afternoon free at leisure.

Day 3 **Semenggoh**

After breakfast at the Hotel, depart to Semenggoh Nature Reserve.

Semenggoh occupies an area of 740 acres and acts as a sanctuary for orang utans that have been rescued from captivity and young orphaned primates. These animals are trained or re-trained to survive in their natural habitat. They learn how to forage for natural food and build nests in the trees. Many have been returned into the surrounding area, but there are also few that will never re-learn their natural skills due to long association with humans. There are daily scheduled feeding times. However, sightings of these primates during feeding times are not guaranteed due to the fact that they are roaming freely within the nature reserve.

After this great experience return to the Hotel and afternoon free at leisure.

Day 4 **Kuching – Matang – Damai**

Breakfast at the Hotel and check-out.

Depart to Matang Wildlife Centre which houses endangered animals, that have been kept illegally and were confiscated, in enclosed areas surrounded by rainforest. The main attraction is the orang utan rehabilitation programme, where young orang utans, who were either orphaned or rescued from captivity, are taught how to survive in the wild. Besides orang utans, the centre cares for a lot of other wildlife such as sambar deer, crocodiles, sun bears, civets and bear cats and a few birds native to Sarawak.

A clear jungle stream runs adjacent to the Matang Wildlife Centre, where some pleasant riverside picnic spots are. Here you can refresh in the cooling water and a packed lunch will be offered.

After this trip transfer to the Damai Beach Resort.

The rest of the day is free at leisure for you to make use of the facilities of the Resort or simply relax at the beach.

Your guide will explain about the different tribes and their background to give you a deeper insight.
