### Day 3 Kinabalu Park - Sandakan

Depart after breakfast for Sukau in Sandakan. The drive will take about 5 hours passing through the towns of Ranau and Telupid. The scenery consists of native villages and palm oil plantations. Upon arrival at Sukau/Bilit, check-in to the Lodge. The lodge is situated along the banks of the Kinabatangan River and surrounded by riverine forest. Later this afternoon, we will take a boat ride along the Kinabatangan River. The forest here is home to the Proboscis monkey, an endemic of Borneo. The proboscis monkeys live in groups and come down to the river edges to sleep for the night.

Also seen here are Long Tail and Pig Tail Macaques, Hornbills and if luck is with us, wild Orang Utans, Silver and Maroon langur and the Borneo Pygmy Elephant might show themselves.
